

## Nature, Tradition and Adventure

**Description:** Learn in a pleasant journey on foot or horseback wonderful charms of the Valley of Viñales. This tour gives you the opportunity to see the plantations of snuff and most famous crop of Cuba, visiting a drying of snuff where they will show the drying of leaf snuff, stopping at the peasant's house where you will be shown the process of making cigars and artisans can try without obligation, you can taste traditional drinks of the region as the "guarapo" handmade sugar cane. The tour ends in a beautiful and wild natural cave called "Cave of the Swallows" and marvelous natural lake suitable for swimming. Ending the tour in the agro-ecological farm "Paradise" where the Mirador del Valle del Silencio is. The return journey is made on the other side of the valley where you can enjoy its beautiful landscapes.
